- Congratulations to all the teams and the winners of Most Improved and the Division winners
- Larger participation in the younger age groups and lowest participation in 13-14
- Ribbons were not handed out at B and C time trials as the officials decided that it was not feasible
- With the closure of PPK, and the possibility of BAL being in renovations, the categories may need to be reconfigured
- Difficulty in recruiting volunteers → database of volunteers to pull from would be beneficial
- To make things easier at larger events, the major Officials needs to be solidified in advance
- Looking to encourage more para-swimmers
- Overall participation is not as high as we would ideally like it to be
- Documents should be centralized to one location
- Need to look into the excel sheet for scoring as it was not always accessible
- Over more clinics for officials and coaches for next season
